

## Bold Kidnaper, \$75,000 Sought in Desert Hunt

By WILE YMALONEY

Quoted  
Friend: My wife is prolonging her holiday. I need her at home, but it seems useless to write suggesting that she return.  
Other friend: Get one of the neighbors to suggest it, my boy.

Washington finally is getting around to recognizing the childish play on words by which some so-called investigators are attempting to link honorable organizations with the Communists.

One such "investigator" was neatly mouse-trapped Wednesday during a house committee hearing on an investigation of tax-exempt foundations. Congressman Wayne L. Hays, Ohio Democrat, handed three unidentified quotations to the witness, Thomas M. McNeice, the committee's assistant director of research, and asked him to comment on them.

Said McNeice are closely comparable to Communist literature that I have read. They parallel very closely communistic or socialistic ideas.

Having gotten his answer Congressman Hays dropped the bomb. He identified the quotations as being random paragraphs taken from the writings of Popes Pius XI and Leo XIII.

The Catholic church is admitted by all men to be the most outspoken opponent of Communism — yet random quotations from the heads of the church would have seemed to place even it under suspicion.

Congressman Hays pointed out the obvious danger of "lifting" paragraphs out of context. "That is, you quote only what will support your particular argument — leaving out all the material which gives the quoted words their original and true meaning."

It is an old and shabby device. It is used constantly by the professional prohibitionists. It was the backbone of the Hitler and Mussolini propaganda machines.

And of Moscow's today. Briefest and most effective answer was given by old Will Shakespeare himself 350 years ago. He said it all in a single line in "Merchant of Venice":

"The devil can cite scripture for his purpose."

## Peress Wants Statements Cleared

NEW YORK (AP) — Dr. Irving Peress, New York dentist called a "Fifth Amendment Communist" by Sen. Joseph R. McCarthy (R-Wis) has asked the Army-McCarthy hearings to clear up what he calls "irresponsible statements" by McCarthy and Roy Cohn.

Attorney Stanley Faulkner said last night that Dr. Peress had sent a telegram to Subcommittee special counsel Ray H. Jenkins, Army special counsel Joseph N. Welch and Democratic members of the Senate investigations subcommittee.

Peress' message asked the hearing to "examine my testimony before McCarthy relative to unfounded statements by McCarthy and Cohn that I exercised my constitutional privilege on questions of espionage."

The circumstances of Peress' promotion to major and separation from the Army have been mentioned a number of times in the controversy between Army officials and McCarthy.

Last January Peress appeared before McCarthy who sat alone at an executive session of the Senate's permanent investigations subcommittee. After the session, McCarthy said the witness, whom he identified only as an Army major, cited the Fifth Amendment in refusing to answer questions about alleged Communist activities.

McCarthy told newsmen the man refused to answer when asked whether he held Communist Party meetings at his home and whether he attempted to set up a Communist cell and recruit soldiers as late as the week before. McCarthy said espionage was not involved in the questions.

## State Attorney Generals Meeting

RICHMOND, Va. (AP) — The attorneys general of the Southern states may meet this summer in an effort to find legal loopholes that would permit the states to continue their traditional system of racial segregation in the public schools.

PHOENIX, Ariz., (UP) — Deputies, special FBI agents, a mounted posse and other law officers resumed a desert search at dawn today for a bold kidnapper who abducted a young wife and mother and collected \$75,000 in ransom money for her release.

One source said the searchers hoped for a break in the case by noon. The FBI, officially directing the search, would not comment.

The law enforcement officers sought the man who kidnapped Mrs. Evelyn Ann Smith, 23, wife of a wealthy Phoenix industrialist. Mrs. Smith was released yesterday after her husband risked his life to follow a fantastic trail of kidnappers and made a payoff to the masked abductor in the foothills of the Superstition mountains, some 40 miles east of here.

One radio-equipped car atop a mountain directed the search. Deputies worked their way slowly across the desert, along with a mounted posse from nearby Mesa, Ariz., which joined the manhunt this morning.

One of the many leads investigated, and not yet thoroughly checked out, was that some life was observed near abandoned building in the area.

By WILEY MALONEY  
PHOENIX, Ariz., (UP) — A value presumed to be the one in which \$75,000 in ransom money was transmitted to the kidnapper of a wealthy young Phoenix woman was found today on the desert near Florence Junction, the Maricopa County sheriff's office disclosed.

The sheriff's office also said a thermos jug and some food had been found with the value. Mounted deputies, using 30 bloodhounds, immediately took off across the desert in search of the kidnapper of Mrs. Evelyn Ann Smith. The sheriff's office said footprints had been spotted and were being traced, although it was uncertain who had made them.

Florence Junction is about 50 miles east of here. Footprints about four miles off Highway 80-70 between Florence and Apache Junction also were being followed in one of the most intense manhunt in Arizona history.

Special FBI agents mounted posse members, the Arizona Highway Patrol and radio equipped squad cars stationed in the search area took part.

Mrs. Smith, somewhat bruised and emotionally upset but otherwise in good health, was released yesterday after her husband risked his life to follow a fantastic trail of kidnappers and made a payoff to a masked man in the foothills of the Superstition mountains, some 40 miles east of here.

Mrs. Smith, a pretty brunette and mother of two children, was kidnapped Wednesday as she left a beauty parlor here. Her abductor apparently had not harmed or molested her.

The young housewife told FBI agents she believed her abductor was suffering from cancer. "He told me that he had cancer and expected to die soon," she said. "He said the kidnapping was to provide him a last fling."

"He gave the impression he was from Chicago," she added. The areas where she was turned loose is a vast and treacherous region where more than 20 persons have died in a fruitless search for the kidnapper.

The search for the kidnapper centered around a group of FBI agents which specializes in kidnaps cases. They were flown here from the nation's capital yesterday, some hours before the dramatic release of the young housewife.

Roadblocks were established and bloodhounds from the Florence State prison followed a trail picked up from beside Mrs. Smith's abandoned car at the foot of the mountains.

At least five airplanes, including four in the sheriff's air patrol, cruised low over the area, keeping up air-to-ground communication with men in jeeps and on horseback. Many of the lawmen were disguised as prospectors, tourists and desert wastrels.

A parallel hunt was being conducted in metropolitan Phoenix, where a possible second kidnaper may be hiding. Mrs. Smith spoke of hearing two men talking while she was locked for five hours in the trunk of her own Oldsmobile coupe.

Police noted the ransom note also spoke of "we," and one of the instructions noted — sent to the Smith home in a bouquet of red roses — "hardly could have been dispatched by her captor while they were hidden in the desert."

## May Rains Improve Arkansas Crops

LITTLE ROCK (AP) — Miles McPeak, agricultural statistician, said yesterday that May rains improved the prospect for Arkansas peach and wheat crops this year but production still is expected to be lower than that of 1953.

The Federal-Crop Reporting Service forecast as of June 1 predicted a peach crop of 1,180,000 bushels, compared to the 1,830,000 bushels of peaches produced last year. In May, a crop of 1,025,000 bushels was predicted.

Wheat production in Arkansas for 1954 was predicted on June 1 to be 1,160,000 bushels, an increase of 58,000 bushels above the May forecast. In 1954, Arkansas produced 1,425,000 bushels of wheat.

## Five Killed in Blast, Probe Is Underway

ST. LOUIS (INS) — The fire marshal's office investigated today to determine if a blast at a St. Louis pharmaceutical plant that killed five persons and injured 39 others may have resulted from tests being made on materials used in army flame throwers.

Officers of the Wilson & Keith company doubted however that this was the cause of the explosion yesterday which leveled their two-story plant and caused extensive damage to the White Line Laundry and a resident adjacent.

They said they thought a gas leak may have been to blame. Fire Chief Walter H. Kammann has tentatively attributed the South St. Louis disaster to an over accumulation of dust.

Chief Kammann estimated damage at between \$225,000 and \$230,000.

Four of the dead were identified by police as employees of the drug company. They were Robert Hill, 62, his wife, Lillie, 40, James Mulgrew, Emmanuel Silberman and Roosevelt Madden.

The identity of the fifth person killed was not learned immediately. Firemen continued to search the blackened ruins of the building for other possible victims.

## Scientists Solve Mystery of Windshield

SEATTLE (AP) — Take a long-time accumulation of pockmarks in your windshield, mix well with sudden public interest in the matter and you have the probably recipe for this spring's windshield-pitting epidemic, two University of Washington scientists reported today.

The recipe was the result of an intensive investigation into every reported possible cause of the pitting — from sandflea eggs to the H-bomb — conducted by Harley H. Bovee, a research chemist, and Ross N. Kusian, director of the university's Environmental Research Laboratory.

The sandflea eggs and H-bombs were ruled out quickly in the dead-end report.

The facts, the scientists said, support only a "normal road damage theory." They based this on these findings:

1. The windshield damage is virtually all of an "impact" type, caused by some hard object striking the glass with sufficient force to chip, pit or crack it.

2. Small black spheres about the size of a pinhead found on car windshields and elsewhere "are a unique type of unburned fuel known as 'cenospheres.'" These, the report said, result from improper combustion of small particles of bituminous coal and are "incapable of pitting windshields by impact or otherwise."

3. The windshield pits cannot be replicated in the laboratory or under controlled field condition by any means other than impact.

4. "Although there is a considerable body of testimony from reputable witnesses to the effect that windshields were pitted by some mysterious cause in the space of a few minutes or hours during the epidemic," it has not been possible to substantiate a single one of these statements by scientific observation. Actually, the observed facts tend to contradict such statements.

"The large number of reports were then due to people looking closely at their windshields for the first time," the scientists said.

## Small Damage in Auto Accident

On South Elm Street autos driven by Mrs. Morris Loe and Mrs. Chester Almond collided with light damage to both vehicles, investigating City Police reported.

## Eden, Molotov to Try to Solve Peace Deadlock

By MAX HARRELSON

GENEVA (AP) — British Foreign Secretary Anthony Eden and Soviet Foreign Minister V. M. Molotov planned to meet privately today or tomorrow to decide what to do next about the deadlock threatening the Indochina peace talks.

Eden suggested the meeting yesterday after admitting that the nine-party parley might as well concede failure and go home unless it can narrow East-West differences without further delay.

There appeared to be no evidence that either side would make the concessions required for agreement.

One highly important Western diplomat said: "The failure of the confidence certainly seems to be within sight."

Awaiting the outcome of the Eden-Molotov meetings, the Indochina talks were in recess. The two diplomats are the chairmen of the conference.

A meeting of the 19-nation Korean conference, however, was set for this afternoon. This, too, is deadlocked and Western diplomats already have written it off as hopeless.

The Eden-Molotov discussions were expected to consider three possibilities:

1. That the talks should continue in semi-public meetings such as those of the past three days which allow the fullest publicity to the proceedings.

2. That the negotiations should be carried on in secret, with all parties formally bound to withhold information from the press. The conference has held a dozen such meetings but information has always leaked out.

3. That the conference should arrange talks by smaller groups or by two or more representatives, such as the meetings now going on between the representatives of the two military commands in the Indochina.

## Stolen Dresses Swapped for Cash

LITTLE ROCK (AP) — A young woman approached a clerk in a downtown ladies ready-to-wear shop yesterday, and asked for a refund on two dresses which she said her aunt had purchased.

The dresses explained the customer, didn't fit. The price of both garments were refunded. Later in the day, the store found that the dresses had been stolen.

## Shreveport to Get Accused Slayer

PHILADELPHIA (AP) — A Philadelphia man who faces first degree murder charges in Fort Smith, Ark., has been ordered removed to Shreveport, La., to answer stolen car charges.

Mario Joseph Papini waived a hearing here yesterday before U. S. Commissioner W. Holton Spann and U. S. District Judge Thomas J. Clary ordered Papini taken to Shreveport. He was held in \$15,000 bail pending extradition.

Fort Smith authorities have charged Papini with first degree murder in the slaying of Nell Vernon of Shreveport. Vernon's car was found abandoned in Fort Smith shortly before his body was found May 19 near Greenwood, (Ark.) Papini was charged with transporting Vernon's car from Shreveport to Fort Smith.

Papini's attorney sought a reduction of bond to "not more than \$1,500," but Assistant U. S. Attorney Norman Kron objected because "the car was found with bullet holes and pools of blood in the trunk."

Kron added that "there is a very strong possibility that this man committed murder. There is a murder charge pending against this man in Arkansas."

Papini was jailed here last May 27.

## James Johnson, 21, Succumbs to Heat Stroke

James Johnson, aged 21, son of Mr. and Mrs. Jeff Johnson of Hope, died at 4 p. m. Thursday in Houston Texas following a heat stroke suffered Wednesday afternoon.

He was a widely known athlete having played one year in high school and two years for Ouachita College. During his senior year in 1950 in high school he went out for football for the first time and made all state. The following year he entered Ouachita and was a two-year letterman before transferring to Henderson where he completed a third year of college work.

His folks here said he was employed for the past six weeks at a Houston metal company. They said he was working near a boiler and was overcome by the intense heat and never recovered.

Besides his parents he is survived by his wife, the former Maxwell Smith and one brother, Wayne Johnson.

Funeral services will be held at 2 p. m. Saturday at Unity Baptist Church of Hope by the Rev. Elbert O'Steen and Howard White. Arrangements are in charge of Herndon-Cornelius. Burial will be in Rose Hill Cemetery.

Active pallbearers; Burgess Garbrett, Wesley and Reeder Huddleston, Joe Barrentine, Gordon Beasley and Bill Gunter.

## Mexico Joins Fight to Oust Communism

By LAURENCE F. STUNTZ

MEXICO CITY (AP) — Mexico, a chief critic of U. S. efforts to fight communism in the Americas, stood ready today to join in a hemispheric study of charges that the Reds boss neighboring Guatemala.

Acting Foreign Minister Jose Gorostiza announced last night his government would go along with the "general sentiment" among the American republics for such a review.

Since Mexico has been one of Guatemala's staunchest defenders in this hemisphere, her consent virtually assured the holding of an inter-American conference to find out what is going on in the banana-producing republic 1,000 miles northwest of the Panama Canal.

## GOPs Vision Passage for Ike Proposals

By MERRIMAN SMITH

WASHINGTON (UP) — Republican leaders today predicted success for most of the legislation President Eisenhower called for last night to block "rash aggression" and "to build a better and stronger America."

Democrats generally declared they will back his social security, health and unemployment compensation proposals. But they hoisted storm warnings at his plea for his big tax reform bill and flexible farm support program.

In his first major radio-television address in nearly two months, Mr. Eisenhower urged Congress to act quickly on the "broadly needed" measures to put America on a "broad, straight legislative highway to security, prosperity and happiness."

He said Americans are living in "an age of ceaseless trouble and danger" when the future is "shaded" by mushroom clouds and menaced by Godless men addicted to force and violence and the continuance of "anarchy among nations."

"Let us therefore not rest until these laws are passed, he said. "Let us have less political fission and more political fusion. Let us have in this session of Congress approval of a program essential to a stronger America."

## Both Sides Want Credit for SS Plan

By JOE HAL

WASHINGTON (AP) — Republicans and Democrats alike today vied in claiming credit for a sweeping social security liberalization plan which seems headed for overwhelming congressional approval.

The measure broadening social security coverage and boosting benefits swept through the House 355-8 last week and comes up soon for public hearings before the Senate Finance Committee.

An advance check of committee members today indicated Republicans and Democrats will try to outdo one another in eagerness to support it.

Both sides agree that passage of the measure is one of the most politically popular moves Congress can make in this election year. And Republicans say the chief advantage will fall to them, because President Eisenhower put the bill high on his 1954 legislative program and the GOP controls Congress.

## Plant Board Revises Rules for Spraying

LITTLE ROCK (AP) — The Arkansas Plant Board yesterday revised seven points in its rules concerning the spraying of crops with 2, 4-D and other hormone herbicide weed killers.

The spray, while beneficial to rice, is injurious to some other crops.

The revisions include:

1. Published notices of intention to spray a field are no longer required.
2. Abolition of \$100 performance bond formerly required of custom sprayers.
3. Persons applying for their first permit to spray must pass a written examination.
4. Custom sprayers are required to post \$100 bond, which will be returned within 60 days after expiration of permit, unless the sprayer is convicted of a violation of spraying regulations.
5. Applicants who have been convicted of violating spraying regulations must post bond of \$5,000.
6. Airplane spraying is forbidden within one and a half miles of susceptible crops unless the sprayer posts a bond of \$50 for each acre of susceptible crop within the area. This bond formerly was \$100 per acre. Susceptible crops include cotton, tomatoes, cucumbers, watermelons, and other broad-leaf crops.
7. The board can prohibit airplane spraying within three miles of a susceptible crop if conditions warrant it. This is to allow the board to act, in case a new weed killer requires a greater "safe" distance.

## Arkansan Says Senator Is Inconsistent

WASHINGTON (UP) — Sen. Ralph E. Flanders today urged the Senate to strip Sen. Joseph R. McCarthy of Senate committee chairmanships if he does not quickly purge himself of what Flanders called "contempt" of the Senate.

The Vermont Republican based his contempt charge on McCarthy's refusal to appear before a Senate Rules subcommittee, which investigated its finances in the last Congress. He said contempt of the committee extended to the Senate itself.

Flanders offered a resolution proposing that McCarthy be separated from his chairmanships of the Senate Committee on Government Operations and further be chairman or vice chairman of any subcommittee thereof.

Flanders asked that his resolution time has been given for the Senate to purge itself of contempt by answering specifically and in detail the charges in the numerous questions which the rule subcommittee raised about his conduct and those.

The Vermont senator's speech followed by two weeks another Senate speech in which he compared McCarthy to Adolf Hitler. Flanders made that speech while McCarthy was at the Army-McCarthy hearings. McCarthy assailed him for making the speech while he was not present and demanded that Flanders be called to testify before the Army-McCarthy committee.

By ALVIN SPIVAK  
WASHINGTON (INS) — John L. McClellan (D-Ark.) today told Sen. Joseph R. McCarthy that the McCarthy-McCarthy hearings have become one of the strangest parades I have ever witnessed," and accused the Wisconsin senator of "inconsistent testimony."

The ranking Democrat on the subcommittee "investigation" committee pointed out that McCarthy in testimony yesterday called Army Secretary Tamm Lincoln a "honest man." He asked this could agree with McCarthy's charge that Stevens sought "discredit" a Senate probe of alleged Red spies in the Army.

McCarthy snapped back that Stevens, in his controversy with him, had been "deflected by the tactical advice of the opposite political party." This charged by Lincoln that Stevens sought "discredit" a Senate probe of alleged Red spies in the Army.

McCarthy's answer touched on an exchange of about 100 letters between the two senators. McClellan's verbal attack came after subcommittee special counsel Ray Jenkins made his cross-examination of McCarthy and Roy Cohn took over.

Under questioning by Chairman Karl E. Mundt (R-S.D.) McCarthy said that "everything but loose" between Stevens and himself when the Army secretary objected to McCarthy's charges of "abuse and humiliation" of Gen. Ralph Twining Feres, a dentist who refused to tell senators whether he was a Communist.

### News Services Keep Abduction Secret

PHOENIX, Ariz. (UP) — Newspapers, wire services and television and radio stations kept the secret of Mrs. Herbert Smith's kidnapping from late Wednesday until her release yesterday.

Law enforcement officials and members of the Smith family praised the newsmen today for withholding news of the abduction until Mrs. Smith was safe. Phoenix detectives had asked for secrecy, fearing that Mrs. Smith might be harmed if the kidnappers learned police were investigating.

Family photographs, maps of the area where Smith was to leave the \$75,000 in ransom money, and pages of detail piled up in the news offices through the night and yesterday morning.

Each step in the complicated ransom directions was relayed to newsmen, and stories were ready to roll seconds after it was learned that Mrs. Smith was safe.

Cooperating fully in holding off stories were the three news services, the United Press, Associated Press and International News Service; The Arizona Republic, the Phoenix Gazette, and all radio and TV stations in the area.

### Son Is Born to the McNultys

HOLLYWOOD (AP) — A 7½-pound son, Timothy Patrick McNulty, was born yesterday to actress Ann Blyth.

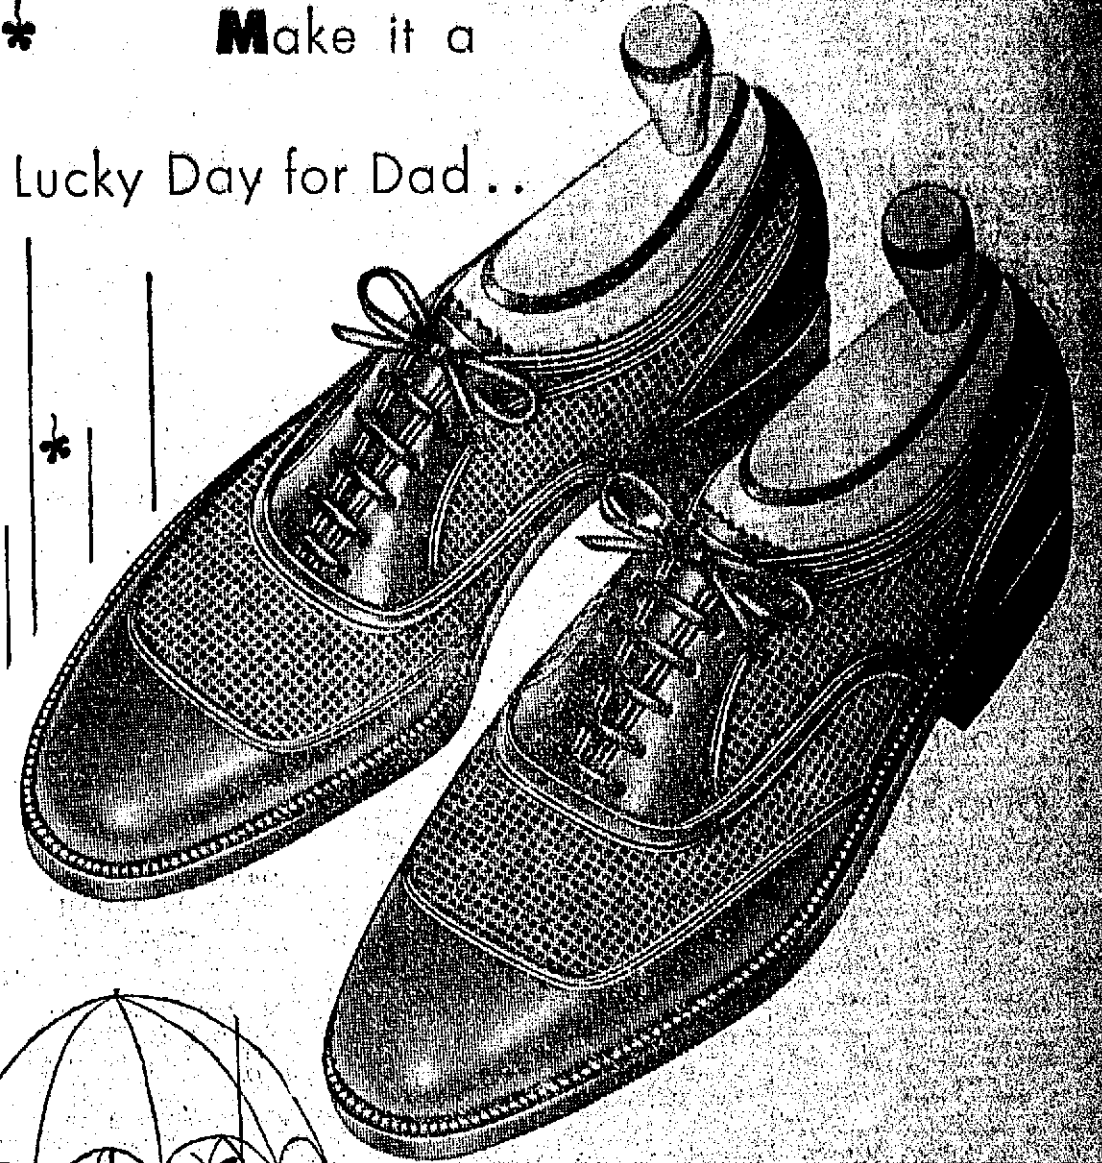

Her husband Dr. James McNulty, an obstetrician, paced a corridor as nervously as any other expectant father. Dr. Bernard Hanley attended at the birth in St. Vincent's hospital.

### BOY KILLED

WEINER, Ark. — Clarence Thomas Bryan, 12, was killed near here yesterday when he fell beneath the wheels of a tractor, being driven by his 15-year-old brother Harold.

The victim was the son of Mr. and Mrs. Grady Bryan of Weiner.

## Atlanta Jumps on Travelers by 11-5 Tally

By The Associated Press

Gail Hanley's fine throw to the plate from rightfield in the ninth cut off Hank DiJohnson and enabled New Orleans to defeat Chattanooga 11-5 sending the Lookouts down to their fifth straight loss after an eight game winning streak.

An umpire provoked the Atlanta Crackers and they took out their anger on Little Rock to the tune of 11-5. When Memphis knocked off Birmingham 3-1 the Crackers' first-place margin was extended to a game and a half. And Memphis replaced Little Rock in fifth place Nashville trimmed Mobile 7-4 in a battle between the seventh and eighth place clubs.

Atlanta scored seven runs in the seventh after Umpire Bob Ross had chased Manager Whitlow Wyatt, Frank DiPrima and Dick Donovan in earlier innings.

Prior to the outburst, the Crackers had peaked away with single runs to narrow the Travs' margin to 5-4. The big inning tagged Dick Hockema with his first loss in three decisions.

Ralph Atkins' three-run homer sparked the Trav offense. Atlanta's Bob Montag hitless in his 2-3 previous trips, broke out of his batting slump with an infield single and a double.

# Faith will overcome the most miserable circumstances

# One out of ten

ONE lone potato out of ten... THAT'S

ALL GOD ASKS. From ancient times men have realized their obligation to

God and His church by giving a tenth of their increase. TITHING IS GOD'S

INVITATION TO FORM A PARTNERSHIP WITH THE ONLY CORPORATION THAT

CAN'T GO BROKE. Salvation cost God

His only Son... what has it cost you? "The

tenth is Holy unto the Lord," Lev. 27:32. "Those who

withhold more than is right will come to

poverty," Prov. 11:24
